

EXTRACTION CARPET CONCENTRATE

1110

SPECIFICATIONS:

Dilution	1:64
pH Level	8.5 – 9.5
Color	No Dyes Added
Fragrance	Peach

This product provides quick soil removal, **COUNTERACTS MALODORS AND BRIGHTENS CARPET** to enhance its appearance.

A low-foaming, concentrated carpet cleaner, specially formulated for use with extraction equipment. Enzyme-fortified to effectively remove soils and odor causing buildup from carpets and rugs. Clear formula will not stain fibers. Safe for stain resistant carpet.

FORMULA FEATURES:

- Highly Concentrated
- Fast Acting
- Low Foaming
- Biodegradable
- Pleasant Peach Fragrance
- Enzyme Fortified to Remove Soils and Odor-Causing Buildup
- Colorless Formula to Avoid Staining
- Safe on Stain Resistant Carpet

RECOMMENDED FOR:

Restorable cleaning of soiled carpet fiber on an interim basis. Use with portable extractors or truck mounted systems.

DIRECTIONS:

- Pre-test cleaner on carpet for colorfastness in inconspicuous area. Not recommended for natural fiber carpets.
- Remove furniture and dry vacuum thoroughly.
- Remove stains and pre-treat traffic lanes and heavily soiled area with appropriate solution. (Product diluted 1:64 is an excellent spotter).
- Extract carpet with product diluted 2 oz./gallon of water (1:64) and follow machine manufacturer's instructions. Do not over wet carpet. Add defoamer to recovery tank as necessary.
- Restrict all traffic until carpet has dried. Place protective pads under furniture.
