

OVEN & GRILL CLEANER

470

SPECIFICATIONS:

Registrations	EPA SDSL
Dilution	RTU
pH Level	13.0 - 14.0
Color	Colorless
Fragrance	Mild

For best results, allow to remain on the surface before removing soil. The length of time is dependent on the oven temperature and build.

High foaming cleaner quickly penetrates and liquefies baked on food, grease, and carbon deposits from commercial ovens, grills, fryer baskets, and other kitchen equipment.

FORMULA FEATURES:

- Quickly cuts baked on food, grease, and carbon deposits
- Deep Cleaning
- Non Flammable
- High Foaming
- Phosphate Free
- Fast acting on hot or cold
- Biodegradable

RECOMMENDED FOR:

- Ovens
- Grills
- Broilers
- Fryers
- Steamers
- Cook & Hold Ovens
- Rotisserie Ovens
- Drip Pans

DIRECTIONS:

Oven

- Apply product to bottom, top and sides evenly.
- Allow product to remain for 10 minutes in a warm oven, 25 minutes if in a cold oven.
- Gently agitate soil with synthetic pad or brush.
- Rinse thoroughly with a damp cloth or sponge.
- Heat oven to 220°F before cooking additional foods.
- CAUTION: Do not apply to heating elements, electrical switches or connections.

Grill Top

- Scrape warm surface with wire brush or grill block to remove excess soil.
- Apply product to grill and allow to remain 3 minutes.
- Gently agitate and remove soil.
- Rinse thoroughly.
