Series

# Cartridge Concentrates

JAWS unique cartridge system requires no equipment. Just add water to a JAWS work bottle, insert the 10 ml. cartridge and attach the sprayer. The concentrate releases into the water making 32 oz. of cleaner.

# Convenient.

Portable. Requires 93% less physical space than RTU. Weighs 97% less than RTU.

# Economical.

Reduces dilution labor by 22%. Achieves 100% product yield.

# Sustainable.

Reduces plastic waste by 95%. No shipping water.

# Safe.

Closed-loop system reduces the opportunity for chemicals to come in direct contact with users. Eliminates dilution errors.

## Solutions that work. People you trust.

For nearly 60 years, Canberra Corporation has been a leading manufacturer of cleaning chemicals for the commercial, institutional and industrial markets.

Incorporated in 1964, Canberra began operations as the manufacturer of “Spiffy,” a toilet bowl cleaner sold on retail shelves. Today, Canberra is the partner of choice to the chemical industry offering a comprehensive array of services and liquid cleaning products from everyday to highly specialized cleaning products and innovative dispensing systems.

Canberra products are marketed nationally under the Husky® and JAWS® (Just Add Water System) brands.

We strive to be the highest quality and  
value-driven custom manufacturer of  
cleaning products.
