

Sidewinder 27

Mechanical Sweeper

For quick retrieval of trash and litter, the Sidewinder 27 is ideal for indoor or outdoor use, in damp or dry conditions.

- The 27-inch sweeping path makes quick work of hard surface clean-up jobs—five times faster than push brooms.
- The removable hopper makes emptying the machine quick and easy.
- The 12-inch (30.5 cm) side broom assures dirt along walls and curbs is picked up by the main brush.
- The pressure adjustment knobs, one for the side broom and another for the main broom, allow the operator to keep the Sidewinder 27 working at the proper brush height.
- Lightweight and maneuverable, the Sidewinder 27 is a natural for shopping malls, movie theatres, supermarkets, warehouses, and parking lots, where litter removal is necessary.

Width With Broom	31.5 in (80 cm)
Weight	
Machine	44 lbs (20 kg)
Shipping	47 lbs (21.3 kg)
Shipping Class	100
Warranty	1 year limited
Productivity	31,000 sq ft/hour (2,880 m ²)

- ❶ The rugged injection molded polyethylene body and hopper stands up to years of use.
- ❷ The side broom sweeps the dirt and debris away from walls and curbs into the pick-up path of the brushes.
- ❸ Large wheels provide excellent traction both indoors and out. With a single front caster, the Sidewinder 27 is extremely maneuverable.
- ❹ Tough pulley belt, activated by the movement of the wheels, powers the side brush for edge work.

The 12-gallon (40 liter) hopper can be easily lifted out and emptied.

The side broom can be tipped back during transport and when not needed.

The main brush can be adjusted by turning the knob at the rear of the sweeper. the sidebroom has a separate adjustment.

DO NO HARM™

The manual feature of this sweeper saves energy, not using electricity or battery power.

The large wheels make this machine easy to push, reducing operator fatigue.
